

ANNUAL REPORT

2022-2023

Building Champions Beyond the Field

Message from the Founder

As I reflect on the past year, I am filled with pride and gratitude for how far we have come at Future Star Sports Academy. What started in 2019 with a simple dream – to give every child a chance to play – has grown into something much bigger than we ever imagined.

This year, I have seen our children not only play but grow. They have become stronger, more confident, and more determined to chase their dreams. I have seen the shyest girls find their voices, and young boys discover the discipline that comes from working as a team. Every small step forward has been possible because of the unwavering spirit of our children, the dedication of our coaches, and the trust of families who have shared their children with us.

It is not just about sports. It is about building confidence, breaking old barriers, and giving children the tools to write their own futures. It is about showing every boy and girl that they are capable of so much more than they ever believed.

I am grateful to every partner, supporter, and friend of FSSA who has walked this journey with us. Your faith in our mission has been the wind beneath our wings.

Looking ahead, we remain committed to our vision: to make sports a platform for hope, opportunity, and growth for every child. Thank you for standing with us, and for helping us continue to change lives – one game at a time.

Voices of Our Beneficiaries

One of the best reflections of FSSA's impact comes from the words of those we serve – our players and their families.

Here are a few testimonial snippets that capture the transformative role of the academy:

“Nobody thought a girl like me would be able to come so far and shine in rugby. I practiced hard... and now I want to stick around and keep chasing my dreams.”

“This academy not only taught my daughter how to play sports, but also how to speak English confidently. We never imagined she would get such opportunities. FSSA has truly changed her life.”

– Parent of a 16-year-old girl trainee from a tribal village (translated from Odia)

“Learning English at the academy makes it easy for us to communicate outside Odisha. We feel more confident now.”

– Parbati Hansda, sharing how education at FSSA is empowering her off the field

Way Forward

As we consolidate the gains of 2022–23, FSSA is planning for the future. In the coming year, we aim to expand our academy's capacity to 50+ full-time trainees, including starting a new training center in a neighboring block of Mayurbhanj to reach more youth. We will be introducing new sports (like football) into our curriculum and strengthening our academic tutoring program with digital learning tools. Fundraising for a small gymnasium and more sports equipment is underway, and we are optimistic about new partnerships to support this growth. The vision is to produce champions who are as strong in character and intellect as they are in athletics. With the continued support of our well-wishers, we are confident of creating an even greater impact in 2023–24 and beyond.
